### GENERAL SYNOD.

#### Church Budget.

1 Synod on Thursday, the Primate announcement which, he knew, to his pleasure to the Synod—that he had received several handsome contributions to the Agency Fund—one from a retired

gentleman then proceeded to move the adoption of the report of the Representative. Only an experienced financier could have so lucidly and in such detail embodied in the report, and succeeded in doing. He brought out clearly the salient features of the budget, for many reasons, is this year of great interest. He replied, with strong arguments, against the reckless financial policy of the Representative Church in reference to alleged ill-secured

investments, seconded by the Archdeacon of the diocese, to the usual practice of entrusting the management of the funds to a layman. He replied to the objection made, that the Representative Church had been "piling up" funds, and the self-denial of the clergy in the past, to their Church. Mr Williams moved a resolution of the interest of the Church (£5,000) of the interest of the Church to be reserved. This point was supported by the Bishop of Ossory, and remitted. The subsequent discussion was of a discursive nature.

The question then moved, as arising out of the sum of £50,000 be allocated from the Fund, including the accumulated interest of the present needs of the Church, of order was raised by the Lord Bishop, which elicited an explanation from the Lord Bishop. Mr Scott's resolution was carried, and the report was adopted.

On the consideration of the report of the Revision Committee, the Rev E. moved a resolution expressive of the Synod that the Committee should complete its work. Mr Crosby made a motion for the completion of the work, seconded by Archdeacon Boyd. An amendment moved by Mr O'Connor, and Mr Ireland, deprecating any further work of revision to the Commission, was supported by Mr O'Connor's resolution was supported by Mr O'Connor's well-reasoned and long discussion, Mr O'Connor's motion, defeated, and a curtailed form of motion, accepted by him, was passed. The vote by orders from Mr O'Connor was maintained. The Committee was dissolved.

### IF FOOD DISAGREES TAKE BISURATED MAGNESIA.

Nearly everybody suffers at times after eating. Many can rarely eat without suffering the most excruciating agony. Some people call this indigestion, some dyspepsia, others gastritis; but no matter what you call it, no matter how many remedies or how many doctors you may have tried—instant relief may usually be obtained by taking half a teaspoonful of Bisurated Magnesia in a little hot water immediately after meals. This instantly neutralises the acid and stops food fermentation, the cause of nine-tenths of all stomach trouble, and thus enables the stomach to proceed with digestion in a painless normal manner.
