Important Improvement.

TREES AND FOLIAGE

IN MEZZOTINTO DRAWING,

Terms for completing each Pupil ONE GUINEA.

M. R. and MRS. WATSON, No. 4, George's-street, Limerick, that within the last week they have effected an improvement in the Mezzotinto Drawing, enabling persons who cannot draw at all to execute Landscapes, Heads, Animals, &c. in Mezzotinto, including Trees and Foliage, in only five easy lessons, without cut pattern or black lead pencil. Those Ladies who have already acquired a knowledge of the Mezzotinto from other Professors, will be aware of the importance of this decided improvement, as they know that hitherto Trees and Foliage have been done with the Black Lead pencil, and this not to be acquired without a previous knowledge of Drawing.

This system recently invented by Mr. and Mrs. Watson, completely obviates this objection, and renders the execution of Trees and Foliage in a style of beauty only to be attained by their system, attainable by every person. Reference given to persons who have received instruction.

Terms for Five Lessons, One Guinea, including receipts for making Mezzotinto Powder and the transparent paper.
